Any person owning property, or having a possessory or contract interest in property and the consent of the owner, may file an application for variance in regard to such property with the Board.

If you have any questions concerning this process, you may call the Planning and Zoning Department at (706) 645-3534. Office hours are 8:00 a.m. to 5:00 p.m., Monday through Friday. A meeting of the Board of Adjustments will be scheduled within 30 days after the receipt of application.

I (We) hereby request the following variance from the provisions of section(s) _____ of the Zoning Ordinance/Subdivision Regulations:
_____.

In order for the Board to consider the request, it must be claimed "application of the Ordinance to the particular piece of property would create an unnecessary hardship". Please answer the following criteria questions:

1. What are the particular provisions or requirements of the Ordinance that prevent the proposed construction on, or use of, the property?

2. What is the existing zoning of the property, including any previously approved modifications, conditions, or proffers?

3. What are the special conditions, circumstances or characteristics of the land, building or structure that prevent the use of the land in compliance with the requirements of the Ordinance?

4. What is the particular hardship that would result if the specified provisions or requirements of the Ordinance were to be applied to the subject property?

5. What is the minimum extent to which it would be necessary to vary the requirements of the Ordinance in order to permit the proposed construction on, or use of, the property?

The Board of Zoning Appeals shall base its required findings upon the particular evidence presented in each specific case where the property owner can show:

- A. The strict application of the terms of the Ordinance would effectively prohibit or unreasonably restrict utilization of the property because:

√ There are extraordinary and exceptional conditions pertaining to the particular piece of property in question because of its size, shape, or topography.

√ Such conditions are peculiar to the particular piece of such property involved.

√ Such conditions were not Imposed by the action or will of the owner of the property.

√ The application of the Ordinance to the particular piece of property would create an unnecessary hardship. Such hardship does not include financial hardship in that if the variance were granted, the applicant could receive a

higher rate of financial return on the use of the property and without the variance, a lesser but still reasonable return could be realized.

√ Relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of the Ordinance.

B. The granting of such variance will alleviate a clearly demonstrable hardship approaching confiscation, as distinguished from a special privilege or convenience sought by the applicant.

C. The condition or situation of the property, which give rise to the need for such variance, is not of so general or recurring a nature as to make reasonably practicable the formulation of a general regulation to be adopted as an amendment to the Ordinance.

Included with the application, the following information is required:

√ Plat of property, illustrating existing development and requested variance.

√ Plans or drawings necessary to illustrate the requested variance.

√ Check for applicable fees (see fee schedule).

√ Legal description of property.

I (We) do hereby certify the information provided herein is both complete and accurate to the best of my (our) knowledge, and I (we) understand any inaccuracies may be considered just cause for invalidation of this application, and any action taken on this application. I (We) do hereby understand a variance of any requirement does exempt the development from any other requirements of the Zoning Ordinance, Subdivision Regulations, or other City or State Regulations.
